

WATER & POWER
Serving Central California since 1887

DEC 2022

Power Supply Adjustment Change

Beginning December 1, 2022, the Power Supply Adjustment (PSA) has moved from a half-cent credit to a half-cent charge. For more information about the PSA, visit TID.org/PSA. Log into your My TID account at My.TID.org to review recent bills and current usage.

PRESERVING OUR INFRASTRUCTURE FOR 135 YEARS

As your community-owned utility, TID has provided essential services for 135 years, and continues to invest in facility and infrastructure upgrades to maintain reliability. Departments throughout the District work year-round to preserve and increase the efficiency of vital infrastructure. Ongoing audits of District assets allows TID to conduct needed maintenance, replacement and updates in order to keep the lights on and support rate affordability for TID customers.

A LOOK INSIDE TID - NEW RELEASES

2021 ANNUAL REPORT

The 2021 Annual Report provides a highlight of the District's efforts and achievements from the past year. Learn more about your customer-owned utility by visiting [TID.org/publications](https://www.tid.org/publications).

SUSTAINABILITY PLAN

TID has released its Sustainability Plan, outlining the District's vision and action plan for the next 15 years as it relates to the ambitious goals set by the State for water and power agencies. Learn how TID will maintain

its commitment to stewardship, affordability and reliability while implementing its sustainability efforts by visiting [TID.org/sustainability](https://www.tid.org/sustainability).

TID'S CUSTOMER ACADEMY

Turlock Irrigation District concluded its inaugural TID Customer Academy, offering customers an inside look at TID's history, operations, and future plans. The small group, who applied to be part of the program, were presented with information from TID subject matter experts throughout the District and joined in tours of TID facilities over four weeks. Session themes included: where your power comes from, irrigation water operations in dry and wet years, TID's sustainability efforts and more.

TID plans to continue the program in 2023. Application dates will be released in January, visit [TID.org/customeracademy](https://www.tid.org/customeracademy).
