

**WATER & POWER**  
*Serving Central California since 1887*

**MARCH 2023**

## MY TID

My TID is a self-service platform that provides you access to valuable information about your TID account. Log in to take advantage of the enhanced customer options. Complete a home energy analysis and get tips on how to save by reducing your energy usage. Visit [My.TID.org](https://www.My.TID.org) to get started today.

# THE VALUE OF TID

TID has a long history of being a trusted community partner. Our customers benefit from reliable service made possible by strategic investments made throughout the years. As TID plans for the future, our customers can rely on our continued stewardship of these resources and our commitment to our community. This is the value of TID.

**Value of Infrastructure:** A great amount of time and resources goes into the maintenance of TID's vital structures and facilities in order to protect the essential services provided to our customers.

**Value of Reliability:** To meet the needs of our customers and secure reliable energy, TID has made significant investments in local generation, transmission, and distribution facilities.

**Value of History:** As the first irrigation district in California, TID has been a pioneer in providing irrigation water for over 135 years and retail power for 100 years to our customers, and uses what we have learned to better our community's future.

**Value of Innovation:** TID continues to seek new ideas and implement even more efficient solutions to further enhance our operations.

**Value of Local Control:** TID's locally elected Board has the decision-making authority to act on the current and future needs of the District including whether or not to maintain current infrastructure or purchase or secure new generation and water resources and opportunities.

**Value of Advocacy:** TID is committed to protecting the interests of TID water and power customers at the local, state and federal level, and educating legislators and community members on the important work of providing essential services to our region.

**Value of Knowledge:** TID uses advanced, cutting edge technology to produce reliable and accurate data which informs our decision making.

## TID's Community Grant Program: Applications Open March 1 – April 19

TID's Powering Our Communities Grant Program is open to municipalities, counties and school districts.

Eligible organizations are invited to submit an application for funding that supports energy efficiency projects benefiting TID's service territory.

Visit [TID.org/grants](http://TID.org/grants) for more information about project eligibility and application requirements.

## \$50 REBATE AVAILABLE

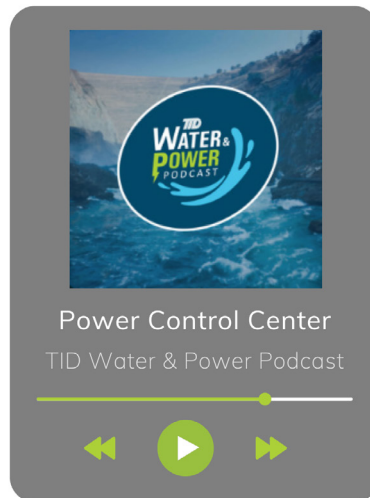

In April 2023, TID will be offering a \$50.00 rebate to residential customers that have an HVAC tune up performed by a qualified professional.

Rebate applications will be accepted for any HVAC tune up performed during April 1st – September 30th of this year while funds are available. Funds are limited and will be available on a first come, first serve basis.

Additional terms & conditions apply. Please visit [www.TID.org/HVACTuneUp](http://www.TID.org/HVACTuneUp).
