## RESIDENTIAL ELECTRIFICATION APPLIANCE REBATE GAS TO ELECTRIC CONVERSION

### CENTRAL HEAT PUMP

\$4,000

#### Requirements:

- New unit must meet minimum SEER ratings:
  - Packaged - 15 SEER or higher
  - Split System - 15 SEER2 or higher
- Rebate for replacing existing home A/C or adding new unit.
- Cooling capacity < 65,000 BTUs (5.4 ton).
- Split system requires matching evaporative coil.
- Split systems using water/evaporative cooled condensers may be eligible provided the air conditioning system has a current (not archived) AHRI reference number and efficiency rating.
- Rooftop installs must be code compliant for inspection access.

#### Limitations:

- Limit (2) per household, per useful life (18 years).

#### Additional Supporting Documents:

- Required: Current AHRI Certificate of Product Rating
- Contractor invoice must show cost to remove propane or natural gas and install electric connection.

### ENERGY STAR® HEAT PUMP WATER HEATER

\$1,200

#### Requirements:

- New unit must be ENERGY STAR® certified.
- Unit must replace existing storage water heater.
- EF factor of 2.0 or greater.
- Must be installed outside the air-conditioned living space, such as attic, garage, crawlspace or unheated/unfinished basement.

#### Limitations:

- One (1) rebate per qualified unit per household within a 15 year period.

#### Additional Supporting Documents Required:

- Proof of the Energy Guide with ENERGY STAR® Logo.
- Contractor invoice must show cost to remove propane or natural gas and install electric connection.

### INDUCTION STOVETOP

\$800

#### Requirements:

- Rebate for installation of an induction cooktop / range measuring 30" or larger.
- Both standalone cooktops and ranges with built-in induction cooktops are eligible.
- Notations: Induction Cooktops require compatible cookware.

#### Additional Supporting Documents Required:

- Photo of unit installed.
- Receipt must reference unit model #
- Contractor invoice must show cost to remove propane or natural gas and install electric connection.

### TERMS & CONDITIONS

In addition to supporting documents required, all applications are required to include a copy of the receipt showing the purchase of the item(s) you are claiming a rebate for.

To be eligible, invoice must show proof of fuel switching with removal or capping of propane or natural gas lines by a licensed contractor.

New unit or product must be installed and operating in a residence in the TID Service Area.

Rebate application must be received within six (6) months of product purchase date.

Programs are subject to change or termination without prior notice. Please visit [www.TID.org/rebates](http://www.TID.org/rebates) for details on current programs. You may also call (209) 883-8432 to verify your efficiency measure qualifies for a rebate BEFORE purchase or installation.

Keep a copy of all documents submitted; documents will not be returned.

Please allow four to six weeks for your application to be processed.

Discrepancies can invalidate the rebate application.

Approval of rebate is at the sole discretion of TID.

Rebates are subject to inspection and verification by TID.

All rebates are subject to additional rebate specific requirements.

TID is not responsible for any items delayed or lost in the mail.

All applications must include a receipt/proof of purchase in addition to the Supporting Documents Required listed per program.

*TID disclaims any and all liability for loss or damage which may arise as a result of the applicant's participation in this program and makes no expressed or implied representation or warranty that the installation of the product will result in a reduction of the applicant's electric utility bill.*
